PROFILE

A diploma in computer science student at NIBS Technical College with practical experience building responsive, mobile-first websites for real clients, conducting exploratory data analysis using Python and Power BI, and creating visual brand materials including poster, flyers, and business cards. Proficient across a broad stack HTML/CSS, JavaScript, React, and Tailwind on the frontend; Pandas, NumPy, and Excel for data work; and Adobe Illustrator and Photoshop for design. Seeking a technical internship where I can contribute meaningfully to web, data, or design projects while growing under experienced professionals.

EDUCATION

Diploma in Computer Science-NIBS Technical College (September 2024-August 2026)

Kenya Certificate of Secondary Education-Thungururu Secondary School (January 2017-April 2021).

Kenya Certificate of Primary Education-Jadamy Elite Academy.

TECHNICAL SKILLS

1. Web Development

- i. HTML5 (semantic markup, forms, accessibility basics)
- ii. CSS3 (Flexbox, Grid, responsive layouts, animations, media queries)
- iii. JavaScript (DOM manipulation, event handling, form validation)
- iv. Responsive Design (mobile-first, cross-browser compatibility)
- v. React & Tailwind CSS (component structure, utility-first styling)
- vi. Version Control (Git, GitHub)

2. Data Analysis & Visualization

- i. Power BI (dashboard creation, data modeling, interactive reports)
- ii. Advanced Excel (PivotTables, VLOOKUP/XLOOKUP, conditional formatting, macros, data cleaning)
- iii. Python (Pandas, NumPy, Matplotlib, Openpyxl for data wrangling, visualization, and Excel automation)

3. Graphic Design

- i. Adobe Illustrator & Photoshop (flyers, brochures, logos, posters, business cards)
- ii. Visual branding and layout design

4. Networking

- i. Cable termination, IP configuration, IP addressing
- ii. Network troubleshooting and simulation using Cisco Packet Tracer

PROJECTS

- 1. **Hair Salon & Spa Website** Built a mobile-friendly site with clean layout and booking features. Applied responsive design principles for user accessibility.
- 2. **Multipage Carwash Website** Developed a user-friendly, multipage website with intuitive navigation and responsive design.
- 3. **Data Analysis** Conducted exploratory data analysis using Pandas, Matplotlib, and Openpyxl. Generated visualizations and insights from sample datasets.

4. **Portfolio Website** Designed and developed a responsive personal portfolio using HTML, CSS, and JavaScript. Optimized for mobile devices and cross-browser compatibility.
5. **Graphic design**-Designed Posters, flyers, professional business cards, brochures and logos for clients.
6. **Networking**-Cable termination, IP configuration, IP addressing, network troubleshooting and Cisco packet Tracer.

CERTIFICATIONS

1. Generative AI Essentials for Software Developers (March 2026)

Hobbies & Interests

1. Coding and experimenting with new web technologies
2. Going for Nature Walks.
3. Reading Novels.

SOFT SKILLS

1. Problem-solving
2. Team collaboration
3. Creativity
4. Time management
5. Continuous Learning

LANGUAGES

1. English-Fluent.
2. Swahili-fluent
